

garden + farm
JOURNAL

18 USC 707

NC STATE UNIVERSITY

Observe

date:

Use your noticing eyes to uncover all sorts of secrets in the garden or on the farm. What do the plants look like? Do you see anything out of the ordinary? Can you find insects? How many different kinds? What are they doing? Use this journal to capture all kinds of observations! Sketch, write and describe what you see, hear and feel.

WRITE anything
you **WANT!!!**

GROW

What tasks did you do in the garden or on the farm today? Write down all the things you did and need to do. Make notes of the weather, weeds, diseases, fruits or vegetables to be harvested, etc.
